My clothing habits

Hello, my name is Patricia but my friends call me Pat. I am a 28-year-old young woman. As I am a businesswoman, I am always well-dressed. I usually wear blue or black trousers or a pair of jeans with a white blouse and red-high-heel shoes in the street. When I go to the theatre or to the cinema, I usually put on an elegant light-colored dress with black high-heel shoes. I am really interested in clothes. I follow the fashion too. I buy new clothes every season in the shopping Centre. I enjoy wearing a necklace, rings and earrings too but I don't like too much make-up, I have a favorite handbag, it's very elegant so I take it everywhere.

At home, I generally wear comfortable clothes. For instance, a tracksuit or shorts with a comfortable t-shirt and slippers. I go to the gym to do aerobics three times a week, in the gym: I usually wear a t-shirt or a top with a pair of leggings and trainers.

Anyway, I hate winter because it's cold, I need to wear a lot of clothes, for example a pullover, a waistcoat, a pair of trousers, a pair of boots and a winter coat with a warm cap and a scarf. I do not like rainy days either. I don't like wearing a raincoat and I hate the umbrella.

My husband, Peter, takes little interest in clothes. He does not like elegant clothes. He usually wears his favorite t-shirt and shorts at home in the summer. At night, he takes off his clothes and puts on his green pajamas.

Personally, I don't like pajamas, I prefer night gowns when I sleep.
